

Radius	Dist_Units	Population 06/2008	Population 06/2007
10	kilometers	78,233	59,307
20	kilometers	59,918	51,115
30	kilometers	+ 1,500	1,000

The Population within the 10 Km increase significantly. Does the police presence facilitate the implementation of the sites close to the police deployment? The information for the site within the 30 Km is a bit fragmented.

The asterik (*) sites are an approximation of the actual location
Camps /sites mapped as per Gulu/Amuru District officials
Note: Some locations from RetMon does not have GPS coordinates, the population could not be counted :-)
